IT ALL STARTED IN 1986

Steve Gaswint knew how to rebuild heavy truck transmissions and differentials. His wife Jan knew how to do the bookkeeping. So together they decided to open BLACK RUN TRANSMISSION. They bought \$300 in obsolete parts sold those parts for \$3,000 and that provided the start up money. The first few years were very interesting, however now 23 years later they are in a 15,000 square foot building on Newark Rd. with 5 employees.
